

FOR A CLEANER, GREENER WEST END

Anglo is working in partnership with Shaftesbury to implement **zero emission deliveries** to the West End. It is easy to help to reduce our capital's levels of air pollution and congestion without the need to change your process.

We're working together to provide a better environment to work and live in, now and into the future.

100,000+ products, and 40+ product & service areas available: get everything your business needs with just one call. Plus, our delivery consolidation and electric vehicle deliveries offer significant cost and environmental benefits.

Why choose Anglo?

Reduce air pollution

Reduce noise pollution

Reduce congestion

Save time on supplies management

Average 20% reduction on office products costs

Increase spend efficiencies

Join other Shaftesbury businesses who have seen these benefits to date:

On average over **40%** reduction in monthly deliveries

Some companies have reduced total deliveries by over **66%**

4.35 tonnes overall CO2 reduction
- that's the same as 7 London to Glasgow flights!

Average **20%** cost saving

REDUCTION in number of delivery vehicles on your roads

Improved air quality in your local area

**Be part of the West End's future.
Join the businesses saving on time, money and emissions**
